HPE Aruba Gold Partners

Your Business. Connected.

Proud to work with **HPE Aruba**

IN THEIR WORDS...

"Having been a key strategic HPE Aruba partner and reseller for over a decade, Ensign Communications' technical know-how and ability to deliver innovative wireless solutions within any enterprise environment cements their position as one of the UK's leading HPE Aruba specialists, and their reputation as a 'safe pair of hands'."

BOB VICKERS, UK & IRELAND DIRECTOR

SOME KEY DEPLOYMENTS...

Throughout our many years of partnership, Ensign have deployed 1000's of HPE Aruba access points and other associated hardware and software products to a broad range of business environments.

From nationwide retail store roll-outs and mission critical warehousing to the most extreme and challenging outdoor projects, we return the trust HPE Aruba puts in us, by always putting our trust in their hardware to deliver when it really counts.

AWARDS...

Support Partner of the Year
